37 C.F.R. 1.181 Petition

I.

This Petition if Timely Filed

1. This application is one of two related applications with examiner William Pierce, Art Unit 3700. In the matter of this application, applicants' appeal brief was not properly acknowledged and the application was abandoned. Applicant filed a petition to revive based on Office error and Director Patent Examining Groups 3710 and 3720, Paper 33, dated April 11, 2003, granted applicants' petition to withdraw the Notice of Abandonment and to forward the application to the examiner via the Supervisory Primary Examiner, for action on the appeal brief, as filed Sept. 3, 2003.

II.

Background

2. This application is one of two applications with examiner William Pierce. The other is related application 09/396,531, filed on 9/15/99. Each of the applications have been to the Board of Appeals. This application is under a remand from the Board with directions that "On remand, the examiner is directed to take appropriate action, in accordance with the relevant statutes, regulations, and Office practices, to resolve the foregoing problems."

3. In a Decision On Petition, Paper No. 25, the Director acknowledged the Board's remand referred to the Board's holding, "... that the examiner's treatment of both procedure

issues and the merits of the appealed issues of patentability was ambiguous and incomplete."

4. Application 09/396,530 received a Final Rejection mailed 08/16/02. Applicant's filed an appeal by facsimile on Sept. 3, 2002. In response to a Notice of Abandonment, applicants filed a petition showing the Notice of Abandonment was made in error by the Office. The Director Patent Examining Groups 3710 and 3720, in Paper 33, dated April 11, 2003, granted applicants' petition to withdraw the Notice of Abandonment and to forward the application to the examiner via the Supervisory Primary Examiner, for action on the appeal brief filed Sept. 3, 2003.

5. The other of applicants' two applications with examiner Pierce, is related application 09/396,531. This related application 09/396,531, was Remanded Without Hearing, Paper No. 26, to examiner Pierce for "appropriate action . . ."

III.

6. Applicants petition the Director responsible for Group Art Unit 3711 and responsible for examiner Pierce, for confirmation the appeal filed Sept. 2, 2002, in application 09/396,530 is presently being processed for examination in a timely manner in accordance with Office practice and procedures.

7. As reasons for this Petition, applicant states,

- a. This application has been made special under Rule 102(c),
- b. The Office had abandoned this application 09/396,530 contrary to Office practice and procedure.
- c. A companion related application 09/396,531, was mislaid, contrary to Office practice and procedure.
- d. This applications 09/396,530, and related application 09/396,531, are being examined in Group Art Unit 3711.
- e. Applicant's concern that the Office practices with regard to application 09/396,530

and related application 09/396,531, demonstrate neglect, are reasonable.

8. This is considered a non fee petition.

Wherefore, Applicants petition the Honorable Commissioner of Patents for confirmation of application 09/396.530 is being examined in a timely manner in accordance with Office practice, as requested in Paragraph 6. above.
